Dear Darrell and Michelle,

RE: RECENT SPECIAL OLYMPICS GOLF DAY

I want to take the opportunity of congratulating you both, your amazing team of assistants for opening my eyes to the special quality and patience you have in putting an event of this nature together. The Golf day was so moving, and to say the least so enjoyable.

To be able to play golf with a physically disabled partner and be humbled by his zeal, determination and tenacity, was absolutely breathtaking and amazing. It is so evident for the need of events like this, and an organization such as your GPAI to be in the market place where people of disability can enjoy themselves without intimidation, but be encouraged to have a full go, as we witnessed firsthand.

The determination, excitement and competitiveness that the players showed was so moving and heart rendering.

I am totally committed to supporting GPAI in any future events of this nature.

I believe in my heart that what you have started, will in future play an integral part in society whereby the able bodied Australian people can see for themselves that there is a life for the disabled.

I hope that GPAI will one day in the not too distant future, get the financial support that it deserves, and that other Golf Clubs will come to the party and open their hearts and doors to the future of these great events.

I pray that the powers that be will appreciate your organization GPAI and will get behind you and give it the boost it needs to pursue this vision. It was such an honor for me to play a small role in sponsoring a cart for the day.

God richly bless you both in your 'endeavors'!

Kindest Regards,
