RE: Letter of Support for Golf Programs Australia Inc.

To Whom it May Concern,

I write this letter in support of Golf Programs Australia Inc. (GPAI) with their proposed golfing facility on the Sunshine Coast.

Golf Programs Australia Inc. have a strong relationship with Bendigo Bank, Maroochydore Branch and are a fine example of Bendigo and Adelaide Bank's community ethos.

At Bendigo and Adelaide Bank we focus on building and improving the prospects of our customers, communities and partners in order to develop sustainable earnings and growth for our business.

By experiencing the difference that GPAI provide, by joining in on a charity golf day with the athletes whom they involve, opened my eyes to how much effort is put into such event along with how much the athletes and sponsors enjoy themselves sharing the golf course.

The vision that Darrell currently holds is nothing short of special, and I believe that a facility such as the proposed will be highly beneficial for both the Sunshine Coast community along with the intellectually disabled.

Should further support be needed, please do not hesitate to contact me.
