### **WHOM IT MAY CONCERN**

The recent Special Olympics Golf Day organised by PGA professional & President of Golf Programs Australia Inc. Darrell Dalton to raise funds for the Special Olympics Sunshine Coast Club was a huge success. It was heart warming to see the dedication, patience and caring of everybody involved in the Special Olympics Golf Program.

This golf day we enjoyed with the intellectually and/or physically disabled reinforced the vision Darrell has for GPAI. There is most certainly a need for an organisation such as GPAI in our community and Darrell's vision is commendable and is certainly an initiative that needs to be encouraged.

The professional way that the GPAI is structured and managed is very impressive and more so the ethics and moral standard of the founder of GPAI, Darrell Dalton.

It is an honour and a privilege to be associated with GPAI and I am sure that it will be a huge benefit to the Sunshine Coast and Queensland.
