Mirrors / Handmade Jewellery & Much
More...

THE G.P.A.I. VISION

The G.P.A.I. Creative Co-operative
Social Enterprise Charity Store is all
about sharing the vision of President &
founder, PGA Professional Darrell
Dalton.

Darrell assisted by his wife Michelle and
the G.P.A.I. Board envisage establishing
a specialty golf facility unlike any other
in existence around the world.

The facility will consist of a 36 bay golf
driving range, 18 hole pitch & putt,
café, function room and several indoor
golf simulators.

Additionally, several fully self contained
cabins will be built on the selected
property to accommodate various
groups visiting the facility for specialty
programs and or professional training
seminars.

More important will be the facilities
main focus of providing a platform for
people with intellectual disabilities who
will receive training & work placement
in the areas of Greenkeeping, basic
machinery operation, administration,
hospitality, housekeeping, warehousing,
storage and more...

The facility will be open to the public
and deliver specialty golf programs for
disadvantaged groups such as Youth At
Risk, Mental Health, The Aged, The
Indigenous, The Blind and those living
with physical and or intellectual
disabilities.

THE G.P.A.I. CHARITY PRO SHOP

As a PGA Professional it made perfect sense for Darrell to start up a Pro-Shop in the G.P.A.I. Creative Co-operative which amuses & confuses many who venture in for the very first time.

Amidst all the creative wares which include high quality soft furnishings, upcycled & new furniture pieces, artwork and much, much more...the Pro-Shop in the middle of the retail space kind of stands out!

Graeme McDuff & the team at The Golf Gurus based in Aspley on the North side of Brisbane became aware of G.P.A.I. via President Darrell Dalton when he was organising a Charity Event at Nambour Golf Club and approached the retail store to purchase prizes for the event.

Through this meeting Graeme became aware of the other programs Darrell's Charity was developing & delivering on the Sunshine Coast and took the time from his busy schedule to see for himself what G.P.A.I. was all about.

After viewing the Special Olympics Golf Initiative program delivered weekly at Tanawha Valley Golf & Tennis Centre Graeme became an instant supporter of G.P.A.I. as he saw the positive outcomes the program was delivering on many levels to not only participants, but also their family members.

Discussions were had about G.P.A.I. setting up as an agent for the Golf Gurus in Nambour and in late December 2016 Graeme began supplying stock with 50% of the retail profit from every sale going to the G.P.A.I. Charity.

THE GIVE BACK CAMPAIGN

G.P.A.I Creative is excited to have The Give Back Campaign take its place within our co-operative. Charles Alder, CEO and founder of the Give Back Campaign is a great supporter of our Social Enterprise and has aligned his organisation within ours in a hub style arrangement in the premises located at 89 Currie Street Nambour.

Seminars will be held monthly at G.P.A.I. Creative for local businesses & Not For Profits looking to gain a broader understanding of the social enterprise sector and the benefits involved for all.

Charles Alder is indeed an entrepreneur with a heart for the people and his efforts to assist the farmers has raised millions of dollars via his "Buy A Bale" Campaign.

PENI-HUDSON GROUP

The Peni-Hudson Group is seeking to build brand awareness on a local level and has chosen G.P.A.I. Creative to showcase its new clothing label and associated products. CEO Gus Peni-Hudson will be adding his distinct brand which will be flavoured with a modern Papua New Guinea style unique to the Peni-Hudson stable.
